Principal Investigator
Roles and Responsibilities
for Sponsored Programs
Objectives

• To discuss:
  • Principal Investigator (PI) roles and responsibilities for sponsored programs including:
    • Pre-award activities
    • Post-award management
  • Key fiscal compliance requirements
  • Common issues and impact of non-compliance
PI Responsibility

• Overall responsibility for compliance
• Allowability of all expenditures on the award
• Know and follow:
  • Specific limitations and restrictions of the sponsor and award documents
  • All technical reporting and deliverable requirements
  • University accounting policy manual (APM) and business policy manual (BPM)
  • See BPM 210 – Sponsored Programs

Award Processes

1. Project Planning and Proposal Submission
2. Award Set-up
3. Management During the Award
4. Effort Verification Reports
5. Cost Transfers
6. Cost Sharing
7. Subawards
8. Award Closeout and Reporting
1. Planning/Proposal Submission

- Complete timely and accurate proposals
- Determine need for pre-award Project
- Ensure all costs are allowable
  - Per federal regulations and/or sponsor
  - Unlike circumstances are documented and justified
1. Planning/Proposal Submission-cont’d

- Ensure costs are Allowable direct costs:
  - Reasonable
  - Allocable
  - Consistent treatment
  - Conform to limitations or exclusions

2. Award Set-up

- Ensure awareness of award
- Determine payroll distribution of effort
- Delegate authorization:
  - Direct knowledge of the sponsored award
  - Awareness of terms and conditions
  - Awareness of compliance requirements

See [APM 60.35](#) – Establishing an Award and
[APM 2.25.55.02](#) – Delegation Form
3. Management of Award

- Managerial review monthly
  - All costs are allowable and authorized
  - In the period of availability
  - Proper documentation is maintained
  - Address budget deficits or excess costs
  - Notify sponsor of significant changes
    - Scope of work
    - Budget
    - Effort of PI or key individuals
  - Sign/date documentation evidencing review
    - Budget Variance Report #8 and Transaction Checklist

See Segregation of Duties – APM 2.25.55 and APM 2.25.55.01
3. Management of Award-cont’d

• Items to consider in the review:
  • Expenditures reasonable based on time period and/or status of the research
  • Allowable expenditures
  • Appropriate individuals charged to award
  • PI meeting committed effort
  • Subrecipients deliverables are met
  • Cost sharing commitments are met
  • Evaluate need for no-cost time extension
4. Effort Verification Reports (EVR)

- All EVRs are reviewed, signed, and submitted by due date
- Signed by person with suitable means of verification
- PI reviews accuracy of effort in monthly review
- Payroll Correcting Entries are made timely

See APM 60.32 – Effort Verification Reports
5. Cost Transfers

• Ensure all cost transfers are:
  • allowable and allocable
  • properly documented
  • made timely in compliance with BPM-213

See BPM 213 – Adjustment of Income and Expense Items
6. Cost Sharing

- At proposal:
  - Determine costs are allowable
  - Obtain approvals for funding source
- During the award:
  - Ensure requirements are met
  - Supporting documentation exists

See [APM 60.30 – Cost Share](APM60.30)
7. Subawards

- Subject to same compliance requirements
- PI responsibilities
  - Determine need, include in budget, and scope
  - Proper classification of subrecipient vs. vendor
  - Monitor progress and deliverables
  - Approve payments

See APM 60.85 – Subrecipient Monitoring Procedures
8. Award Closeout & Reporting

- Close timely
- Provide final technical reports
- Certify allowability of costs
- Retain documentation

See APM 60.20 – Closing Sponsored Awards and APM 60.07.01 - Certification
Common Issues

- Unallowable costs on projects
- Lack of documentation
- Late cost transfers
- Late or incomplete EVRs
- Purchases in last 3 months of award
- PI 100% funded on award
Impact of Non-Compliance

• Questioned or unallowable costs
• Repayments to the sponsor
• Fines and/or sanctions
• Subject to additional external audits
• Jeopardize future funding opportunities
• Damage to reputation
Concluding Points

- Aware of federal, sponsor, and University requirements
- Participate in training
- Review projects monthly
