B. INSTRUCTIONS TO BIDDERS

1. **Request For Bid (RFB) Document:** Bidders are expected to examine the complete RFB document and all attachments including drawings, specifications, and instructions. Failure to do so is at bidder's risk. It is the bidder's responsibility to ask questions, request changes or clarifications, or otherwise advise the University if any language, specifications or requirements of a RFB appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFB to a single source.

Any and all communications from bidders regarding specifications, requirements, competitive bid process, etc., should be directed to the University buyer of record referenced in this RFB. It is the responsibility of the person or organization communicating the request to ensure that it is received. To guarantee a timely response, such communication should be received at least ten calendar days prior to the bid opening date.

The RFB document and any attachments constitute the complete set of specifications and bid response forms. No verbal or written information that is obtained other than through this RFB or its addenda shall be binding on the University. No employee of the University is authorized to interpret any portion of this RFB or give information as to the requirements of the RFB in addition to that contained in or amended to this written RFB document. In case of any doubt or difference of opinion as to the true intent of the RFB, the decision of the University's Chief Procurement Officer shall be final and binding on all parties.

2. **Preparation of Bids:** All bids must be submitted, in two (2) copies, on the bid form accompanying these specifications and must be enclosed in a sealed envelope plainly marked: "Bid for Furnishing and Delivery of Radio Isotopes" and addressed, mailed and/or delivered to Procurement Services, 1105 Carrie Francke Drive, Columbia Mo 65211 ATTN: David Silvey, Senior Buyer.

To receive consideration, bids must be received, at the above address, prior to the bid opening time and date stated in this RFB. Bidders assume full responsibility for the actual delivery of bids during business hours at the specified address.

Unless otherwise specifically stated in the RFB, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications or requirements. All equipment and supplies offered must be new, of current production, and available for marketing by the manufacturer unless the RFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered. Unless specifically stated and allowed in the Detailed Specifications and Special Conditions, all pricing submitted in response to this RFB is firm and fixed.

Whenever the name of a manufacturer, trade name, brand name, or model and catalog numbers followed by the words "or equal" or "approved equal" are used in the
specifications it is for the purpose of item identification and to establish standards of quality, style, and features. Bids on equivalent items of the same quality are invited. However, to receive consideration, such equivalent bids must be accompanied by sufficient descriptive literature and/or specifications to clearly identify the item and provide for competitive evaluation. The University will be the sole judge of equality and suitability. Whenever the name of a manufacturer is mentioned in the specifications and the words "or equal" do not follow, it shall be deemed that the words "or equal" follow unless the context specifies "no substitution." Unless noted on the bid form, it will be deemed that the article furnished is that designated by the specifications. The University reserves the right to return, at contractor's expense, all items that are furnished which are not acceptable as equals to items specified and contractor agrees to replace such items with satisfactory items at the original bid price.

Time will be of the essence for any orders placed as a result of this RFB. The University reserves the right to cancel any orders, or part thereof, without obligation if delivery is not made in accordance with the schedule specified by the bidder and accepted by the University. Unless otherwise specified in the Detailed Specifications and Special Conditions, all bids shall include all packing, handling, and shipping charges FOB destination, freight prepaid and allowed.

3. Submission of Bids: Bidders shall furnish information required by the solicitation in the form requested. The University reserves the right to reject bids with incomplete information or which are presented on a different form. All bids shall be signed, in the appropriate location, by a duly authorized representative of the bidder's organization. Signature on the bid certifies that the bidder has read and fully understands all bid specifications, plans, and terms and conditions.

By submitting a bid, the bidder agrees to provide the specified equipment, supplies and/or services in the RFB, at the prices quoted, pursuant to all requirements and specifications contained therein. Furthermore, the bidder certifies that: (1) the bid is genuine and is not made in the interest of or on behalf of any undisclosed person, firm, or corporation, and is not submitted in conformity with any agreement or rules of any group, association, or corporation; (2) the bidder has not directly or indirectly induced or solicited any other bidder to submit a false or sham bid; (3) the bidder has not solicited or induced any person, firm, or corporation to refrain from responding; (4) the bidder has not sought by collusion or otherwise to obtain any advantage over any other bidder or over the University.

Modifications or erasures made before bid submission must be initialed in ink by the person signing the bid. Bids, once submitted, may be modified in writing prior to the exact date and time set for the bid closing. Any such modifications shall be prepared on company letterhead, signed by a duly authorized representative, and state the new document supercedes or modifies the prior bid. The modification must be submitted in a sealed envelope marked "Bid Modification" and clearly identifying the RFB title, RFB number and closing time and date. Bids may not be modified after the bid closing time and date. Telephone and facsimile modifications are not permitted.
Bids may be withdrawn in writing, on company letterhead, signed by a duly authorized representative and received at the designated location prior to the date and time set for bid closing. Bids may be withdrawn in person before the bid closing upon presentation of proper identification. Bids may not be withdrawn for a period of sixty (60) days after the scheduled closing time for the receipt of bids.

All bids, information, and materials received by the University in connection with an RFB response shall be deemed open records pursuant to 610.021 RSMo. If a bidder believes any of the information contained in the bidder's response is exempt from 610.021 RSMo, then the bidder's response must specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption, otherwise, the University will treat all materials received as open records. The University shall make the final determination as to what materials are or are not exempt.

4. **Evaluation and Award:** Any clerical errors, apparent on its face, may be corrected by the Buyer before contract award. Upon discovering an apparent clerical error, the Buyer shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. The University reserves the right to request clarification of any portion of the bidder's response in order to verify the intent. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.

The University reserves the right to make an award to the responsive and responsible bidder whose product or service meets the terms, conditions, and specifications of the RFB and whose bid is considered to best serve the University's interest. In determining responsiveness and the responsibility of the Bidder, the following shall be considered when applicable: the ability, capacity, and skill of the bidder to perform as required; whether the bidder can perform promptly, or within the time specified without delay or interference; the character, integrity, reputation, judgment, experience and efficiency of the bidder; the quality of past performance by the bidder; the previous and existing compliance by the bidder with related laws and regulations; the sufficiency of the bidder's financial resources; the availability, quality and adaptability of the bidder's equipment, supplies and/or services to the required use; the ability of the bidder to provide future maintenance, service and parts.

The University has established formal protest procedures. For more information about these procedures, contact the Buyer in Campus Procurement Services.

The University reserves the right to accept or reject any or all bids and to waive any technicality or informality.

5. **Contract Award and Assignment:** The successful bidder shall, within ten (10) days after the receipt of formal notice of award of the contract, enter into a contract, in duplicate, prepared by the University. The Contract Documents shall include the Advertisement for Bids, Specifications and Addenda, Exhibits, Bid Form, Form of
Contract, Letter of Award, University Purchase Order, and Form of Performance Bond, if required.

The contract to be awarded and any amount to be paid thereunder shall not be transferred, sublet, or assigned without the prior approval of the University.

6. **Contract Termination for Cause:** In the event the Contractor violates any provisions of the contract, the University may serve written notice upon Contractor and Surety setting forth the violations and demanding compliance with the contract. Unless within ten (10) days after serving such notice, such violations shall cease and satisfactory arrangements for correction be made, the University may terminate the contract by serving written notice upon the Contractor; but the liability of Contractor and Surety for such violation; and for any and all damages resulting therefrom, as well as from such termination, shall not be affected by any such termination.

7. **Contract Termination for Convenience:** The University reserves the right, in its best interest as determined by the University, to cancel the contract by given written notice to the Contractor thirty (30) days prior to the effective date of such cancellation.

8. **Warranty and Acceptance:** The Contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished or adopted by the University, (2) be fit and sufficient for the purpose expressed in the RFB, (3) be merchantable, (4) be of good materials and workmanship, (5) be free from defect. Such warranty shall survive delivery and shall not be deemed waived either by reason of the University's acceptance of or payment for such equipment, supplies, and/or services.

No equipment, supplies, and/or services received by the University pursuant to a contract shall be deemed accepted until the University has had a reasonable opportunity to inspect said equipment, supplies and/or services. All equipment, supplies, and/or services which do not comply with specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.

9. **Payment:** Payment terms, unless otherwise stated in the RFB, will be considered to be net 30 days after the date of satisfactory delivery and acceptance by the University and upon receipt of correct invoice whichever occurs last. Cash discounts for prompt payment may be offered but they will not be considered in determination of award unless specifically stated in the Detailed Specifications and Special Conditions. The University may withhold payment or make such deductions as may be necessary to protect the University from loss or damage on account of defective work, claims, damages, or to pay for repair or correction of equipment or supplies furnished hereunder.
10. **Accounting Practices:** The Contractor shall maintain, during the term of the contract, all books of account, reports, and records in accordance with generally accepted accounting practices and standard for records directly related to this contract. The Contractor agrees to make available to the University, during normal business hours, all book of account, reports and records relating to this contract for the duration of the contract and retain them for a minimum period of one (1) year beyond the last day of the contract term.
**DETAILED SPECIFICATIONS AND SPECIAL CONDITIONS**

1.1 **Introduction:**

The Curators of the University of Missouri, a public corporation, hereinafter referred to as the University, proposes to contract with an organization(s) or individual(s), hereinafter referred to as Vendors, whereby the vendor will furnish and deliver radioisotopes contained in the Request for Bid #S-060305. The term of contract shall cover an approximate one (1) year period, commencing upon date of award through June 30, 2006. The contract shall be subject to four (4) one-year extension periods for a total of approximately five (5) years.

The University reserves the right to award on a non-exclusive basis and has the right to make multiple awards against this Request for Bid. University departments reserve the right to utilize one, several, or all of the awardees.

In the event that a vendor can provide other radioisotopes after the initial bid solicitation, those radioisotopes may be deemed to be covered under the terms of this contract. Same/similar discounts should be offered. Vendors with questions or concerns must submit a written request for information to University of Missouri-Columbia, Procurement/Materials Management, Attention: David Silvey, Senior Buyer, 1105 Carrie Francke Drive, Columbia, Missouri, 65211-3100. Email inquiries may be sent to SILVEYD@MISSOURI.EDU. The University reserves the right, at its discretion, to accept or reject any radioisotopes available from the vendor.

The University estimates its annual expenditures for radioisotope purchases to be a minimum of $500,000.00.

1.2 **Renewal of Contract:**

Contract prices shall not increase during any annual contract period. The University shall have the right, as its sole option, to renew the contract for four (4) additional one-year periods. Renewal dates are July 1 each calendar year. Vendor shall not be notified of renewal prior to expiration of an existing contract period. It should be assumed an extension will be agreed to by both parties unless indicated otherwise, in writing.

With regard to price, the vendor should provide written and when possible, electronic format notification of prices for the initial and subsequent contract year/s sixty (60) days prior to contract expiration date. In the event the University exercises its right to renew, all terms,
conditions and provisions of the original contract shall remain the same and shall apply during the extension periods with the exception of price.

The University encourages proposed discounts for renewal periods to be competitive with the market place in order to prompt renewal. Radioisotopes will be purchased on the basis of quality and price and therefore, successful vendors are reminded that a competitive price may contribute to the increase of purchase activity.

1.3 Vendor Responsibilities:

The successful vendors will be responsible for delivery, of the radioisotopes, offered in the bid, whether or not the vendors are the producers of them. Further, the University will consider the selected vendors to be the sole point of contact with regard to contractual matters, support and payment of any and all charges resulting from this bid.

1.4 Vendors’ Performances:

Vendor performances will be monitored throughout the contract period. If proven to be unsatisfactory, or problems arise, the University reserves the right to delete radioisotopes from the contract and/or cancel any or all contracts for any reason. Failure of the University to exercise its rights of termination for cause due to a vendor’s failure to perform as required in any instance shall not constitute a waiver of rights of termination in any other instance.
