University of Missouri

20 Years of Exchange

A place of quality, a place to grow, from hope to action through knowledge
South African Education Program

• 1986
  — UM signs the first ever exchange with a historically black South African University

• 2006
  — UM and UWC celebrate 20th anniversary of exchange
Past Successes/
Looking Ahead

- TELP Program
- ALO Grant
- UM/UWC Comparative Law Program
TICPS: The International Center for Indigenous Phytotherapy Studies

- South Africa has **3,000** species of plants used for medicinal purposes
TICIPS Mission

• **Create** a collaborative environment
• **Support** studies of African phytotherapies and healthcare systems
• **Train** scientists and physicians
• **Promote** conservation of plant biodiversity and indigenous knowledge
• **Communicate** evidence for the safety and efficacy of indigenous phytotherapies
• **Advance** the health and well-being of the African and American peoples.
